Introduction to Fashion & Interior Design

Duds to Dazzle

- Teams of 3-5
- Using provided items, competitors will create a new item from scratch.
- Teams then present their creation to a panel of judges.
 - Questions about your project & what you've learned about the clothing industry & its environmental impact could be asked.

Family & Community Health EP

- Give a presentation educating the audience about a topic related to Fashion & Interior Design. This can be through a speech, demonstration, or combination of both.

Fashion & Interior Design Ambassadors

This is an opportunity for high school aged 4-Hers to gain important leadership skills. Allowing them to better mentor other youth & to become more knowledgeable about the Fashion & Interior Design project so that they can positively represent the project & Texas 4-H.

**** Fashion & Interior Design projects can be self-led or conducted in a group setting ****

Fashion Show

- Compete in one of two divisions, buying or construction.
- Each division has four sub-categories based on the style of the outfit.
- Participants will turn in paperwork explaining the item & will model it. Seniors will be expected to complete an interview.

Storyboard

- Contest for senior members.
- This is a way for 4-Hers to display their ideas in an industry-inspired fashion.
- Storyboards include sketches, patterns, & anything else to allow viewers to follow the designer's thought process.
